

## Potential SEEDs

List of university researchers who are interested in collaboration with industry

No.	Keywords	Name	University/Department/ Research group	Field	Research interest	Experience with industry	Message to work with industry	Details of researchers
1	Process Automation, CNC Machine, Robotic, Sensor, CAD/CAM/CAE and Manufacturing Process Improvement.	Dr. Chana Raksiri	Department of Industrial Engineering, Faculty of Engineering, Kasetsart University  Head of Industrial Automation Training Center, Faculty of Engineering, Kasetsart University	Industrial Engineering and Mechatronics	- Specializes in CNC and Robotics Controller - Specializes in Manufacturing Process Improvement by CAD/CAM/CAE - Assist local SMEs and larger enterprises on process trouble- shootings, manufacturing processes and automation design.	Western Digital, Seagate, Mitsubishi, Machinery Emporium (1995), Bosch Rexroth etc.		<a href="http://www.ku.ac.th/fengcpr">www.ku.ac.th/fengcpr</a>
