

**Potential SEEDs**

List of university researchers who are interested in collaboration with industry

No.	Keywords	Name	University/Department/Research group	Field	Research interest	Experience with industry	Message to work with industry	Details of researchers
	Intelligence IS Innovation and Innovation IS Intelligence	Professor Dr. Thanaruk Theeramunkong Academic Awards: 1. Very Good Research Award from Thammasat University, 2008. 2. Best Paper Award from the Japanese Society for Artificial Intelligence, 1994. 3. Scholarship from Tokyo Marine, 1992-1995. 4. Japanese Government (Monbukagakusho) Scholarship, 1985-1991.	Sirindhorn International Institute of Technology, Thammasat University / School of Information, Computer and Communication Technology, (ICT) / Intelligent Informatics and Service Innovation (ISI)	<p>Various areas related Intelligent Informatics, Human Language Technology, Knowledge Engineering, Data Mining/Text Mining and Service Innovation is proposing a collaboration work to enhance research excellence of SIIT, and to provide academic services to related industries and general public. The topics are as follows. A) Intelligent Informatics B) Human Language Technology C) Knowledge Engineering D) Data Mining/Text Mining E) Service Innovation</p> <pre> graph TD     KE[Knowledge Engineering] &lt;--&gt; HLT[Human Language Technology]     KE &lt;--&gt; SI((Service Innovation))     HLT &lt;--&gt; SI     II[Intelligent Informatics] &lt;--&gt; DMTM[Data Mining, Text Mining]     II &lt;--&gt; SI     DMTM &lt;--&gt; SI     </pre>	<ul style="list-style-type: none"> <li>• Natural Language Processing</li> <li>• Knowledge Science and Engineering</li> </ul>	<ul style="list-style-type: none"> <li>• National Electronics and Computer Technology Center (NECTEC)</li> <li>• The Ministry of Interior (MOI)</li> <li>• Metamedia International Co. Ltd. (<a href="http://longdo.com/">http://longdo.com/</a>)</li> <li>• The Ministry of Culture (MOC)</li> <li>• Srisangwan School, etc.</li> </ul>	<p>The ISI research center continues contributing our knowledge and experience to the industrial sector.</p> <p>Our aim is to develop practical and innovative research works that are applied to real-world applications.</p> <p>The Intelligent Informatics and Service Innovation (ISI) research unit creates fundamentals from engineering, the basic sciences, social sciences, economics and mathematics to solve applied real-world problems in engineering, science and social issues.</p> <p>The achievement will be put on services for add-on research and development that encourages the effective utilization of the results of frontier research related to intelligent informatics and service innovation.</p>	<a href="http://www.siit.tu.ac.th/isi_en.htm">http://www.siit.tu.ac.th/isi_en.htm</a>
